EICHMANN LISTENS

## Death Sentence For Eichmann

JERUSALEM (AP) — Adolf Eichmann, Nazi Germany's expediter of Jews to the gas chambers, was sentenced today to be hanged in Israel for "a crime of unparalleled enormity." But no execution date was set pending appeals that may take several months.

Moshe Landau, president of the special three-man Israeli court which tried and convicted the former Gestapo colonel, intoned:

"This court sentences Adolf Eichmann to death for crimes against the Jewish people, crimes against humanity and war crimes."

Eichmann, 55, and balding, stood stiffly erect for 15 minutes while the tribunal first gave its reasons and then condemned him to be hanged. Six hundred persons packing the courtroom were deathly silent throughout the brief session, then filed out with hardly a sound.

Eichmann never even gulped visibly. He quitted the facial nervous twitch evident during

the trial, and his hands hung loose and unclenched by his side.

Eichmann, who had scornfully refused to plead for mercy before the sentence was pronounced, was told he has 10 days to file notice of appeal with the court and an additional five days to draft his reasons.

**CAN ASK FOR CLEMENCY**  
Chief defence counsel Dr. Robert L. Servatius from West Germany was advised if he felt the time given him was too short, he could ask the president of the Supreme Court or his deputy for an extension.

Decision on the appeal is not expected before March. If it goes against Eichmann, he can apply to Israeli President Izhak Ben-Zvi for clemency.

Eichmann is the first Nazi to be tried in this state which holds itself now as the protector of all Jews in the world.

Israeli legal authorities say he may be the last one brought to judgment here. They reason the case has served to chronicle what happened to the Jews during Hitler's third reich, how the plot to exterminate the race came into being, and how 6,000,000 Jews died.

"The wrath of Israel now has been spent," one court authority commented.

**7 Survive Sea Drama**  
MIAMI, Fla. (AP) — Seven persons who had clung through the night to a flying boat tossed by choppy seas were rescued from their precarious perch today by the tug Maggie.

The U.S. Coast Guard reported that all seven appeared to be all right. The plane, a converted navy PBV flying boat, was taken in tow by the Maggie.

Crippled by engine trouble, the PBV was ditched in reefed-off Atlantic waters 65 miles south of Nassau Thursday night. A search plane reached the scene shortly after dawn and hovered overhead as the Maggie hurried out from Nassau.

A coroner's jury Thursday identified the bodies of Mrs. Wagner and her daughter. It is expected an inquest will be held in Vernon early January.

## Appeals For Goa Peace

NEW DELHI (Reuters) — U.S. Ambassador John K. Galbraith called on Prime Minister Nehru today in an attempt to head off a threatened war between India and Portugal over the Portuguese enclave of Goa.

Galbraith's call on the Indian leader came as authoritative sources here disclosed that President Kennedy had written to Nehru earlier this week expressing American hope that there will be no war over the tiny enclave on the Indian west coast.

# U.S. SURE OF BEATING RED CHINA'S U.N. BID

## Canadian Import Level Hits All-Time Record

OTTAWA (CP) — Canadian imports reached record levels in 1961, due partly to the lower external value of the Canadian dollar.

The Dominion Bureau of Statistics today valued 11 October imports at \$558,000,000, a sharp 24.7 per cent rise from \$447,400,000 in October last year.

This helped push this year's 10-month import total up to \$4,751,300,000, a gain of 4.5 per cent from \$4,548,800,000 in the same period of 1960.

In both October and the 10-month period, imports from all geographic areas increased. Imports from the United Kingdom soared by nearly one-third—32 per cent—to \$54,100,000 from \$41,000,000 a year earlier, while those from the rest of the Commonwealth went up 15.7 per cent to \$28,000,000 from \$24,200,000.

**U.S. PURCHASES RISE**  
Purchases in the United States in October rose 23 per cent in value to \$373,900,000 from \$304,100,000. This was due partly to \$16,000,000 in aircraft imports under mutual aid deals.

Imports from all other countries climbed 30.7 per cent to \$102,100,000 from \$78,100,000. The 10-month picture shows increases from last year in January and the May-October period, with lower values recorded in February, March and April.

Imports from the U.S. in that period rose 3.7 per cent to \$3,198,200,000 from \$3,084,500,000; from the U.K. by 5.6 per cent to \$510,100,000 from \$483,200,000; from elsewhere by 6.7 per cent to \$807,500,000 from \$756,500,000.

## NEW SCHOOL BID BY PENTICTON AS KELOWNA IN 'DIFFICULTIES'

PENTICTON (CP) — Pentiction Chamber of Commerce is making a new bid to have the provincial government locate a proposed technical school here.

The chamber, in a telegram to Education Minister Peterson said "in view of legal difficulties encountered in obtaining land for the technical school in Kelowna, Pentiction Chamber of Commerce reminds the minister that a choice of three excellent and unencumbered sites are still available at no cost in Pentiction." (See story on Page 3).

## Congo Cease-Fire Unlikely Despite JFK Intervention

UNITED NATIONS (CP) — Diplomats at the UN expressed belief today that no cease-fire is likely soon between the United Nations and secessionist Katanga despite the intervention by President Kennedy.

They predicted Kennedy would back up Acting Secretary-General U. Thant's determination to continue the UN military action in Katanga until Tshombe showed a readiness to negotiate in good faith for a unified Congo. The White House was scheduled to release today Kennedy's reply to a plea from Tshombe to intervene to end the fighting.

It was understood the president had suggested a precise course for Tshombe to follow to get negotiations under way, to make sure that the secessionist-minded Katanga would not be able to reverse his course should an agreement to talk bring a cease-fire.

The president named the U.S. ambassador in the Congo, Edmund Gullion, as his personal representative in the Katanga situation.

(In Brussels, a Belgian senator said Tshombe had sent him word that he is ready to meet Adoula for political talks as soon as possible in a neutral French African nation provided Senegal President Leopold Senghor is mediator.)

**CALLS A MEETING**  
Thant, who has a two-day-old cease-fire appeal from Britain, called a meeting this afternoon of his 18-nation Congo advisory committee, which is dominated by Asians and Africans. Canada is a member. The committee was expected to advise the UN chief to stall off any cease-fire until the military campaign has achieved UN objectives.

But Thant told the British Thursday night he has two envoys in the Congo trying to work out a political reconciliation between Katanga and the central Congo government in Leopoldville. They are UN Undersecretary Ralph J. Bunche, an American, and UN political officer Robert Gardiner, a Ghanaian.

**Three Kelowna Youths Deny Reduced Charge**  
Three youths appearing before Magistrate Donald White today in court were charged with contributing to juvenile delinquency laid under the Juvenile Delinquent Act.

The case will proceed Dec. 21 in court with Magistrate White again sitting as a juvenile court judge, at which time he has the power to hold the trial in camera as there is a juvenile girl involved.

The three, and another Kelowna youth, were originally arraigned on a charge of rape. The lesser charge was entered by Crown counsel Brian Weddell who appeared in court today and who will prosecute the case next week.

**2 Cars Stolen In Vernon Raid**  
VERNON (Staff) — Two cars and an undisclosed amount of cash was stolen into Thursday from Vernon Motors Products Ltd. here.

The vehicles were allegedly taken from the used car lot but were later recovered in two separate locations. One near the Vernon Army Military Camp at the south end of the city where it had apparently jumped the highway and crashed down a small embankment.

The other, overturned at Reid's Corner near the Rutland Highway 97 intersection. No evidence of damage has been made. (See story page 3).

The office of Vernon Motors was broken into and money was taken. The exact amount is not known. RCMP are investigating.

**Radars Tests Upset By Soviet Fleet**  
BEDFORD, Mass. (AP) — The appearance of a vast Russian fishing fleet off the New England coast has disrupted vital testing of experimental radar equipment for United States air defenses.

An air force official said Thursday that "many tests of experimental equipment have often been shut down because of the Russian fleet."

Some 100 Russian trawlers and several mother ships as large as freighters have been seen off the coast for months. Some have been observed within 20 miles of Cape Cod.

The pioneer system for radar defence is the SAGE complex developed by Lincoln Laboratory of Massachusetts Institute of Technology.

Radars is an almost magic way of "seeing" objects in the air or at sea. Scientists, however, have always been concerned by the fact that the radar target also can learn a lot by monitoring the radiation.

Both sides in the cold war use devices known as ferrets to detect radar emissions and thereby discover the source, wave length and other features of the opposing radar system.

Air force scientists have no doubt the Russian fishing fleet is well equipped with such devices.

The final link in a series of 21 SAGE direction centres is scheduled to open today in Sioux City, Iowa.

**Victoria's Mayor By A Landslide**  
VICTORIA (CP) — R.B. (Dick) Wilson, a retired businessman, Thursday was elected mayor of Victoria in an avalanche of votes.

The landslide buried the hopes of his only opponent, J. Donald Smith, who conceded the election when less than 1,000 of the 10,000 votes were counted.

Mr. Smith, a Social Credit member of the legislature for Victoria city, obtained 1,174 votes compared to Mr. Wilson's 8,171.

**SPECIAL TREATMENT**  
LANARK, Scotland (CP) — At a hospital here women patients get a free beauty treatment before they are discharged. It includes face massage, manicure and haircut.

## Showdown Vote Likely To Be Held Later Today

UNITED NATIONS (CP) — The General Assembly headed for a showdown vote today on Communist China's annual bid for UN membership. The United States was still confident the Red Chinese would be kept out.

Balloting was expected late today on whether to give priority to a U.S. resolution declaring the China issue a question of substance requiring a two-thirds majority for adoption. But the priority resolution itself is procedural and requires only a simple majority for passage.

2. On the U.S. "substance" resolution itself, another procedural issue requiring only a simple majority.

3. On a neutralist amendment to give the Chinese seat to Peking but to drop the Soviet demand for expulsion of the Nationalists.

4. On the Soviet resolution to expel the Nationalists and seat Peking.

The U.S. delegation was confident it had the votes to give its "substance" resolution priority, obtain its adoption and then defeat both the Soviet resolution and the neutralist amendment. U.S. delegates believed Peking's backers could not muster even

a simple majority, let alone two-thirds.

In a final round of assembly debate Thursday night, chief U.S. delegate Adlai E. Stevenson warned that adoption of the Soviet resolution would arm the Peking regime with "a United Nations license to make war."

He recalled a statement by Soviet delegate Valerian A. Zorin insisting on Peking's right to liquidate President Chiang Kai-shek's regime on Formosa by force.

"This body has devoted many anguished hours to its duty and resolve to prevent the use of force," Stevenson said. "Now we are faced with this stupefying (Soviet) request to sanction the use of force."

Zorin retorted by demanding the withdrawal of U.S. military support from the Nationalists. "Then there will be no war," he said, "because the Chiang Kai-shek regime will collapse."

**AFRICAN SUPPORT**  
The United States is believed to have the support of most of the 13-nation Brazzaville group of former French African colonies as the result of a deal in which the Nationalists lifted their veto threat against Communist Mongolia to obtain UN membership for Mauritania, another former French colony.

**U.K. Congo Policy Blasted**  
LONDON (Reuters) — The Conservative government, bitterly attacked by socialist legislators Thursday night in a stormy debate on the Congo, today came under fire from sections of the British press.

The influential Guardian of Manchester warned that government policy over the United Nations-Katanga fighting is paving the way for Communist intervention in other parts of the Congo.

It said: "If Katanga is allowed eventually to go its own way, with the mercenaries keeping the central government at arm's length, what is to prevent the entire province from securing help of mercenaries or 'volunteers' from Communist countries?"

"That is the shortest road to taking The Congo into the cold war, but it is the road along which the British government and Sir Roy Welensky (premier of the Rhodesian Federation) would push it."

**20 STUDENTS MOURNED**  
GREELEY, Colo. (AP) — Colorado officials searched today for the cause of the school bus-train collision that killed 20 children Thursday.

The Colorado Highway Safety Council was investigating the possibility that overloading and poor visibility may have contributed to the accident.

Thirteen children are in a hospital. Four others among the 37 children aboard were treated and released. The driver, Duane Harms, 23, suffered minor injuries and shock.

They were in a late model, 60-passenger bus sliced apart at 8:05 a.m. by the Union Pacific 16-car passenger train, City of Denver, at a rural crossing near here.

The steamliner, 90 minutes late because of Christmas baggage delays en route from Chicago to Denver, was travelling at 70 miles an hour. Railroad officials said that was normal about a mile beyond the crossing.

ACCUSED BY REDS

Gen. Adolf Heusinger, West Germany NATO Chief, has been accused by the Soviet of being a Nazi war criminal.

## NAMES IN NEWS

## Appeal To Nkrumah Rejected

President Nkrumah of Ghana has turned down an appeal by President Youlou of the former French Congo that he intervene immediately to bring the Katanga battle to an end.

Nkrumah instead urged Youlou to use his good offices to persuade President Moise Tshombe of Katanga to break with his "foreign mercenaries" and "work in harmony with his brother Africans."

**Vernon Delegates At Pentiction Meet**  
VERNON (Staff) — Four members of the Vernon branch of the Okanagan Valley Tourist Association, Thursday travelled to Pentiction for an information meeting of the group.

More than 50 attended from Kamloops, south to the border including representatives from the Alberta-B.C. Association.

Members from Vernon to attend were Frank Blanchard, chairman, Elwood Hec, John Ladyman and George Hegler.

## 20 STUDENTS MOURNED

# Overload, Bad Visibility May Have Caused Crash

officials said that was normal about a mile beyond the crossing.

**SAYS BUS DIDN'T STOP**  
Herbert P. Sommers, 64, a Union Pacific engineer for 22 years, said the bus did not stop at the crossing, marked by wooden crossarms and a road sign.

"He stepped on the gas and drove right in front of the train," Sommers said.

Harms, a school bus driver since last September, said: "I think I did (stop). Well, I'm quite sure, because I usually do."

Jerry Hembry, 16, a bus passenger, said: "The bus stopped and then started up again." and listen for trains.

**APPLIES FOR DRAKES**  
Engineer Sommers said he applied the emergency brakes about 50 to 75 feet before the impact. The train travelled

## TODAY'S STOCK QUOTATIONS

TORONTO (CP) — Industrials edged ahead during moderate morning trading on the Toronto Stock Exchange today. Banks and financial institutions led the upward swing, with only small gains in evidence. Few issues recorded wins or losses.

Royalite, BA Oil, Canadian Oil, Trans-Canada and Trans Prairie Pipe Line all rose in the 1/4 to 1/2 range, while Bank of Nova Scotia, Industrial Acceptance Corporation, Royal Bank and Investors Syndicate A duplicated the feat.

Speculators were dull in general amid falling prices. Lake Defauld led the decline with a 20-cent drop to \$7.00 with volume of 11,370 shares, while Murray Mining, Iso Mines and Wilsey-Coghlan all fell to six cents.

On index, industrials rose .02 to 612.19 while golds fell .28 to 80.72, base metals .01 to 212.59 and western oils .03 to 115.39. The senior metals sheet was off with International Nickel and Noranda down 1/4 and 1/2 respectively, and Falconbridge ahead 1/4.

## Five Children Die In Fire

WATERFORD, Ont. (CP)—Five children died early today when fire hit their home in this town 15 miles south of Brantford. Two other children escaped.

The victims were the children of Mr. and Mrs. Douglas Huffman.

The dead: Janet, 12, Robert, 11, Archie, 7, Patricia, 4, and Glenford, 18 months. Nancy, 9, and Richard, 6, were found unharmed on the front porch.

The blaze, its cause undetermined, did little apparent damage to the exterior of the house. Police said the children may have suffocated.

Nancy and Richard dashed from the smoke-filled house in nightclothes and ran into the street in 10-below-zero weather to call firemen.

**WINDS HAMPER FIREMEN**  
Firemen said they believe the fire started from an overheated stove.

At least three of the town's 2,100 residents turned in alarms around 1 a.m. Firemen had the fire under control within an hour although hampered by strong winds.

Harold Johnson, who lives next door to the Humpfries, was the first person on the scene. "I tried to get in the front door but couldn't for the smoke," he said.

The children's mother, Lorna, was in a state of shock and was placed under sedation.

## Ottawa to Move, Rebuild Village Of Nass Indians

VANCOUVER (CP)—The federal secretary to prime minister

across the Nass from the present village, where they want to relocate.

It is expected the move will be made after the spring thaw, once surveys are completed.

The union, to which most of the Indian fishermen belong, had asked Ottawa to aid the village of Aiyansh and the nearby village of Greenville, also struck by the floods. A total of 17 homes were swept away at Aiyansh and many damaged at Greenville.

The disclosure came as travellers from the north said Indians around Aiyansh, on the Nash River 60 miles north of Terrace, were suffering hardship due to severe cold and heavy snows.

Officials here said the Aiyansh Indian band already has chosen a site on higher ground.

FUTURE TEACHERS PRETTIEST IN PROVINCE SAYS BOARD

"Teachers we had were never as pretty" was the opinion of the Kelowna and District School Board last night when it welcomed more than 60 members of the Future

Teachers' Club. Each, and the girls were in the majority, received a blue and gold club crest from Board chairman C. E. Sladen and stayed to watch the Board in action. Five

school clubs were represented. Helping Margaret Berry of George Elliott pin on her crest, (third from left) is Anne Patro, from Rutland while Violet Griffin, left, of George

Pringle, Larry Hewlett, club president from Kelowna High and Lorna Bedford, right, from Dr. Knox School lend an approving eye. (Courier Staff Photo).

## F.J. Orme Outlines Plans For Summer School Here

Thursday night Kelowna and Kelowna for students in Grades District School Board trustees 9 to 11. His brief, the result of in-

For a reason. At the there and a half hour meeting, schools superintendent aims for such a summer school P. J. Orme briefly outlined the basis for a summer school in

time for students who had failed one or two courses.

It would offer "improvement for those who'd passed but wanted better standings. It would offer enrichment for pupils of good ability who wanted advanced courses.

The make-up courses would likely attract the most students, according to the brief.

"This course would get around students having to take correspondence courses. Besides, a lot of students might find it easier to work in the summer when there aren't so many 'brains' around," said Mr. Orme.

He pointed out summer school was geared for students who needed more than 10 months to complete their year's work.

Five to seven teachers would be required, each to handle two courses.

Suggested minimum class size would be 10 pupils and staff appointments would be contingent on number enrolling.

Salary for staff would be from \$6 to \$7 an hour. Total cost of the summer school which was suggested as running for five weeks from July 2 to August 4 which would include salaries, supplies would be \$2,675.

134 STUDENTS

To meet this, and to be self-supporting such a program would need 134 students at \$20 a course. Since there would be 10 courses offered in English, Social Studies, Math, Science and French, an average of 14 per course would meet expenses.

Mr. Orme said the committee found schools using similar programs managed to break even while others even showed a small profit.

Such a summer school would be held at Kelowna Senior High School where the library facilities are handy.

Promotion would follow exams written as equivalent to that of regular year-end exams with a basic criterion of whether or not the summer school student had achieved broad enough foundation to proceed to a higher course.

Exams would be marked by the summer school and records of the students' achievement, pass or failure and final exam would be passed on to his school principal.

MAKE DECISION

"The responsibility will rest directly with the school principal not the summer school to make the decision on whether or not to give the student credits," said Mr. Orme.

The superintendent pointed out to the Board there would obviously be no idea until June how many would actually attend such a summer school. He pointed out the brief's figures were based on last June and that the proposed staff could be cut down.

HOPE NOT

Board chairman C. E. Sladen directed the brief to the Education Committee with the comment, "I hope we don't need a summer school next June."

Mr. Orme replied: "We wouldn't have spent so much time on the report if we didn't think there would be a need."

HISTORIC FIGURE

### REGULAR FLIGHTS UNINTERRUPTED

Canadian Pacific Airlines' regularly scheduled flights between Kelowna and Vancouver are continuing without interruption despite the weather, according to passenger agent Al Stewart at Kelowna Airport.

Special flights are planned for the holiday season on Dec. 23 and 26.

On Dec. 23 a DC-3 aircraft will arrive at Kelowna at 10 a.m. from Vancouver, leaving Kelowna for the return trip at 10:30 a.m.

On Dec. 26 the regular Convair aircraft will leave Vancouver at 7:45 a.m. arriving at Kelowna at 8:55 a.m., then departing for the return trip at 11 a.m.

A special section will leave Vancouver on Dec. 26 at 2 p.m., arriving at Kelowna at 3:10 p.m. This aircraft will then leave Kelowna at 3:30 p.m., arriving back at Vancouver at 4:30 p.m.

### CITY AND DISTRICT

NOT ON WRIT

Assessor J. E. Markle's name does not appear on the Writ issued Monday afternoon claiming the city and its trustee H. S. Harrison Smith had taken up options on property adjacent to the site of the VTC by fraudulent misrepresentation and undue influence.

STORES OPEN DEC. 20

Tuesday's Courier stated that Kelowna retail stores would be open all day Wednesday, December 13. This, of course, was in error. Christmas shoppers will be able to shop all day NEXT Wednesday, Dec. 20. The Courier regrets any inconvenience this may have caused members of the Kelowna Retailers' Association.

CONVENTION HERE

British Columbia Tourist Association convention will be held in Kelowna next September with more than 200 expected to attend, according to Fred Heatley, C or C secretary last night.

DATE CHANGED

Annual meeting of the Kelowna Chamber of Commerce will be held January 31 instead of January 24 as originally planned. The date was changed by the quarterly meeting in Kelowna of the Okanagan Mainline District Boards of Trade.

SUNNYVALE CONCERT

The young people at Sunnyvale school this evening are presenting their annual Christmas concert with carol singing, Christmas songs and a nativity play. Parents and friends are expected to attend the concert which begins at 7:15 p.m. in the Bertram St. school's auditorium. Allowances in the past.

### MAYOR PARKINSON SAYS

# Court Case Would Not Interfere With VTS

## The Daily Courier CITY PAGE

Friday, Dec. 15, 1961 The Daily Courier Page 3

### SCHOOL BOARD BRIEFS

## Approval of Referendum Would Help Soccer Field

At a recent Principal's Association meeting all agreed soccer teams shouldn't be allowed to play on the rugged terrain of the George Pringle School soccer field.

Trustee J. W. Maddock said last night the apparent theft of tools this week from the Industrial Arts room at George Pringle school pointed up a need for burglar-proof windows at the school.

Classes will start on the following Saturday from 8 a.m. to 5 p.m.

He said the local Chamber of Commerce was spearheading the committee and the big need at the moment is top soil.

Mr. Maddock said it might be possible to locate a couple of acres of crown land, buy it at a nominal rate and level off the top soil and return it to the government.

### PHONE SERVICE

A request from the Kelowna high schools for additional phone services in the schools was tabled until the school board can have a survey of the need from both principals.

### SCHOOL SHOWERS

One of the high school principals was concerned about the use of the school showers after-hours when there are extra curricular gym activities in the school or outside groups are using the facilities. He wanted the shower privileges cut off.

One of the Board members pointed out the school buildings were built to be used until they were abused.

Trustees agreed use of the showers should continue.

A request to rent Ellison school for a party was turned down.

### LEADER CLASSES

Application for the successful junior - senior recreation leader classes will begin February 2 at Dr. Knox and Kelowna High Schools at 7 p.m.

## Funeral Held For T. Bolton

Funeral services were held this morning in the Garden Chapel following the sudden death of Trevor Bolton, 36.

Rev. E. H. Birdsell conducted the service and interment followed at Kelowna cemetery.

Born in Powell River, Mr. Bolton has been a merchant seaman all his life until he left the sea in 1958 because of ill health.

He is survived by his wife, June, and two daughters, Gail and Diane of Victoria who attended this morning's service. His mother, Mrs. E. A. Chapell, two sisters, Mrs. Joyce Stevenson and Mrs. E. McLeod, all of Victoria, and one brother, Walter, of Regina.

### BUDGET COMMITTEE

Kelowna School District 23 Budget Committee will meet sometime next week to discuss what's needed in next year's planning. The Committee will likely report its findings at the next January meeting.

## Oyama Student To Get Help From Board

An Oyama Grade 13 student who's been operating his own "school bus" will get help from the District School Board.

Trustees voted last night to allow a \$1 a day car allowance to the student who drives into school in Kelowna and brings along four passengers, all of whom are Grade 13 students here.

The student wrote asking for some help with the costs of running his car which he apparently is buying on his own. His passengers contribute to the gas fund but he said he found it an expensive trip.

Board member pointed out it probably cost \$2 a day for gas. The board has granted such allowances in the past.

## Comments Follow On New Bid By Penticton To Get School

Mayor R. F. Parkinson said today that a possible court case between the city and land owners at the proposed site of the Vocational Training School would not interfere in any way with construction plans.

The Mayor was commenting on a story emanating from Penticton this morning which stated the Penticton Chamber of Commerce is making a new bid to have the Provincial government locate the VTS in the South Okanagan city.

He said that land purchased from the seven property owners is enough to go ahead with construction without acquiring the three remaining lots.

"If it took three years to settle this land matter regarding the three property owners it wouldn't effect us in any way."

Three writs were issued on Monday claiming Kelowna and U.S. Harrison Smith, its trustee, with fraudulent misrepresentation and undue influence in the taking up of options on the site.

The Mayor went on to say that of 10 owners on the site, seven had signed their property over.

### ENOUGH TO GO

He said that land purchased from the seven property owners is enough to go ahead with construction without acquiring the three remaining lots.

"If it took three years to settle this land matter regarding the three property owners it wouldn't effect us in any way."

Three writs were issued on Monday claiming Kelowna and U.S. Harrison Smith, its trustee, with fraudulent misrepresentation and undue influence in the taking up of options on the site.

The Mayor went on to say that of 10 owners on the site, seven had signed their property over.

## Ald. Jackson Comments On Sunday Sport Plan In UBCM Cabinet Brief

The Union of British Columbia municipalities Thursday again demanded the government sanction Sunday sports in areas where such functions have been approved by local voters.

A UBCM delegation led by president T. S. Shorthouse of Nelson, presented a 25 - page brief to the cabinet. It dealt with everything from education costs to the Pacific Great Eastern Railway and air pollution.

The brief said the recreational activities of an individual is a question which should not be

### OUT OF KILTER

"The main effect of the present procedure is that the provision of some properly-planned and timed service, agreed to by a majority of the property owners, has to be shelved."

development is thrown out of kilter," said reeve A. H. Emmott of Burnaby.

The UBCM asked the government to help pay for the construction of aircraft landing strips in remote areas.

Commissioner Allan Collett of Merritt said the assistance should apply to places which are not eligible for federal aid.

He said there are many communities which are struggling to provide landing facilities where passenger, cargo and emergency aircraft could land.

## POLICE COURT RCMP Check On Stolen Vehicle

Kelowna RCMP today are investigating a stolen car reported missing from a Vernon car dealer.

The car, a late model station wagon, was spotted early this morning overturned and off the road at Reid's Corner. RCMP learned it was reported stolen from Vernon Motors sometime late last night.

Police said this morning they are trying to locate a suspect for questioning but at press time had no one in custody.

### NO CHARGE

No charges have been laid following an accident yesterday which was reported this morning to Kelowna RCMP when a vehicle, allegedly driven by Eric Graf of Kelowna, struck a parked car belonging to Rev. George Snell, Richter St.

The accident is being investigated. Damage to the minister's car was estimated at \$150-\$200. Appearing in police court this morning, Eric Graf of Kelowna was fined \$50 and costs on a charge of consuming liquor in a public place at Reid's Corner Nov. 16.

### WRONG CRITERION

Mr. Shorthouse, presenting the section of the brief on education costs, said ownership of real property is not the proper criterion by which money for education is raised.

"We cannot accept with equanimity the formula which

settled by an elected government on the basis of a religious belief.

PEOPLE'S CHOICE

"We believe that in this age of enlightenment that the people themselves, voting on principle, should be allowed the opportunity of expressing their own wishes," said Alderman A. Jackson of Kelowna.

The request applied to sports for which spectators would have to pay an admittance between 1 p.m. and 6 p.m. on Sundays.

The brief said communities served by the B.C. Electric Company fear losing more than \$1,000,000 in direct revenue from taxation. The losses would result if the new crown company paid grants in lieu of taxation on the same basis as those paid by the B.C. Power Commission.

## City Delegates Attend Tourist Assn. Banquet

Representatives of 11 Okanagan Valley communities were present last night at a reception and dinner, sponsored by the Okanagan Valley Tourist Association in Penticton.

Purpose of the meeting was to acquaint all municipalities with the aims and purposes of the OVTA and to outline future plans for the development of tourism in the Okanagan Valley.

Present from Kelowna were Mayor R. F. Parkinson, Chamber of Commerce president R. H. Wilson, OVTA president A. M. Duncan, secretary F. J. Heatley and Charles A. Gaddes, first president of OVTA during its formation three years ago.

Municipal council or Board of Trade representatives were in attendance from Osoyoos, Oliver, Keremeos, Summerland, Peachland, Westbank, Rutland and Sicamous as well as delegates from the three cities of Vernon, Kelowna and Penticton.

Possibilities for increasing the flow of tourists through the Valley will be three-pronged this year: the completion of the Roger's Pass will open up a vast new potential; the Century "21" Seattle World's Fair will create a positive tourist attraction for visitors from the East, and the new Trans-Provincial Highway No. 3 in the South will mean better access to the Valley from that area.

These and other topics were discussed at great length at the meeting and the representatives from the smaller communities were visibly impressed at what their co-operation with and membership in the OVTA can

## O.K. Mission Fire Brigade Sets Exec.

Another progressive step was made in Okanagan Mission, when after a good deal of preliminary work, a fire truck was purchased.

At a meeting held in the Community Hall on Nov. 15, an executive was appointed for the Volunteer Fire Brigade, namely chairman, Ross Lemmon; chairman of finance, Norman Apsey; training, Ed. Blackie; five equipment, J. Swaisland; vehicle maintenance, H. Medlins; building, G. Sarsons.

The capacity of the truck has been increased, a trailer and tank obtained, Hobson Road pump and hose purchased. Six firemen have been equipped with suitable clothing.

The November meeting authorized the executive to house the fire truck and additional equipment in the basement of the Community Hall.

This room has been fire-proofed, and an oil furnace has been placed in the Community Hall, thus guaranteeing warmth not only for the hall, but in truck. The crew has been receiving instruction and training.

The Open House held at the Community Hall on Sunday, from 1:30 on, brought out a good number of interested residents to see the new improvements and equipment.

Members of the Fire Brigade are: H. T. Medlins, Harvey Withers, N. T. Apsey, John Eso, Richard Hall, Ross Lemmon, Geoff. Sarsons, Kurt Lauridsen, Tom Hazell, Tom Hughes, George Wyper, Colin Fazan, Larry Wright, Peter Edwards, Ed. Blackie.

## S. Citizens Party Set Tonight

More than 160 senior citizens are expected tonight at a gala Christmas party planned for them by the Kelowna Rotary Club.

The party will be held at the Anglican Parish hall.

A young service planned by the club will pick up the partygoers, deliver them to the door and return them home after the party.

Entertainment will be provided by a group of talented young dance pupils of Miss Gwen Lloyd, the Kelowna city band under the direction of Gar McKinley which will accompany the gathering for carol-singing. The Rotary Anne are catering for the refreshments in keeping with the Christmas theme.

FRIDAY, DECEMBER 15, 1961 — PAGE 4

## Individual Important In World Struggle

During this season of the year, when "Peace on Earth—Goodwill Toward Men" is supposed to be accelerating within the framework of our Christian civilization, the news of the world is disappointing.

With heavy fighting in the Congo, possibility of a war between India and Red China now threatened, the Berlin crisis still very much alive, trade unbalances causing world concern, Cuba's leader openly admitting Communist intentions and, closer to home, the federal-provincial power struggle, on the surface we seem to have little for which to be thankful.

We Canadians, through fortunate turns of history, find ourselves in a bounteous land, where the future seems bright.

We have the world's second highest standard of living, untold material wealth and the possibility that, within our lifetime, we may play a leading part in world affairs.

In short, despite the pessimism of some, we do have much for which to be thankful.

However, any country which possesses such wealth, automatically must assume consequent responsibilities. We must always be alert to the forces which would destroy us.

These forces are not only complete-

ly oblivious to "Goodwill Among Men" but are actually dedicated to the destruction of everything which the term implies.

We Canadians know this, yet do so little in our everyday individual lives to rectify what could become a tyranny of world domination.

What can we do? We can set an example of moral, spiritual and worldly maturity by trying to follow the example set by the Man whose birthday we are soon to celebrate.

No substitute has yet been found for His teachings, and no substitute is yet in sight—nor likely ever will be.

He taught us, through example, to consider others. One cannot, if Christian, sit at a bountiful table with clear conscience while people elsewhere are starving.

We Canadians must therefore, lead the world to sanity, never once forgetting that the history of Communism is a history of violence, cruelty, exploitation—and death.

Christianity, on the other hand, has matured through the years, adapting itself to a changing world. It is life.

The choice is simple. Communism and death to everything we hold dear.

Christianity—and life.

## Dreaming Of It White?

The seasonal song asks: "If it doesn't snow at Christmas, how is Santa going to get around?"

Well, apparently Santa complained to the weatherman about the Okanagan, because that gentleman is certainly co-operating with Santa this year. Santa will have no trouble getting around.

Other years, most years, he comes by bus, train, aircraft, private car, taxi, bicycle and even shoes borrowed from local parents, but he did manage to get around. But this year he will use his sleigh and wing-footed reindeer.

Here, as in most of this country, we'll look down on "the beautiful" white and crisp and even, slightly sooted up in places, but glinting under the bright starlight.

Out of the north he'll come, over grand mountains magnificently frosted, over prairies immaculate under a white blanket, through cities where snow lends purity to the vista.

But to the south of us, he'll have to abandon his sleigh and his reindeer and use those modes of travel which apparently he did not want to use in the Okanagan this year.

In the south he'll find only flower gardens, lawns a little ragged because the ground under

them is too soft at this time to support the weight of a lawn mower, and wide fields either monotonously green or yellowed by the summer that lingered too long.

There'll be nothing climatic to lend a bright tint to his nose, nothing to set the red blood racing through his arteries as only exposure to frost can.

In that soft banana belt, there'll be scarcely enough crispness to spur his hearty laugh. Instead there'll be a small sigh for the unfortunate who have no hopes for a white Christmas, whose fuel bills won't be any higher than those of a prairie town's spring.

In some sequestered garden, petals will fall from a late white rose, or orange blossoms—their closest approach to the drift of snow flakes.

A little unjust all this, a little sad-denning when the rest of robust North America can count on Jack Frost to point out Rudolph's way.

Down south they'll greet Santa with an attempt at the cheery welcome, but they'll lack the background. Poor underprivileged southerners, dreaming, perhaps, of a white Christmas, but recognizing the vision as something denied them, they'll envy Winnipeg and those other sparkling cities where the echoes of sleigh bells still jingle.

— And, we'll be envying them.

## Bygone Days

### 10 YEARS AGO

December 1951

Representatives of the Kelowna Min-  
isterial Association appealed to City  
Council for Sunday bus service to help  
parishioners attend morning and even-  
ing services.

### 20 YEARS AGO

December 1941

The Kelowna Board of Trade has  
written the Department of Public Works,  
asking that the road between McCulloch  
and Beaverdell be kept open during the  
winter months.

### 30 YEARS AGO

December 1931

Two horses and one dog were im-  
pounded by the poundkeeper during the  
month of November. The horses were  
claimed and released upon payment of  
\$7 in fees while the dog was not claim-  
ed and was sold for \$2.

### 40 YEARS AGO

December 1921

A very pleasant little ceremony took  
place last Thursday at the Chasterville  
School when some of the students pre-  
sented a gift to Mr. Bennett and Mrs.

Harvey as a token of their apprecia-  
tion.

### 50 YEARS AGO

December 1911

The annual general meeting of the  
Kelowna Farmers' Institute, for the  
election of officers for the ensuing year  
and transaction of general business,  
will be held in Raymer's Hall Saturday  
afternoon.

## In Passing

In the case of a Bone dentist, who  
is suing a politician for breach of  
promises, the defendant maintains  
that the promises were "not made in  
unequivocal form." No doubt. A  
politician's promise is usually stated  
in such a way that it can mean any-  
thing or nothing, usually the latter.

"Buy any of our new electronic  
organs from \$895 up and receive a  
chord organ free for your children  
as long as they last." — From an ad.  
However long the children may last,  
they undoubtedly will outlast chord  
organs and any other presents less  
substantial than a crowbar.

Noting that there is a \$25 silver  
shoe horn on the market, Old Tight-  
wad said, "Before I'd pay that much  
for a shoe horn, I'd go barefoot the  
rest of my life."

"The person who drives recklessly  
and at excessive speed is subcon-  
sciously trying to escape from himself,"  
says a psychologist. No doubt. It  
must be a terrible ordeal for that  
type of person to have to live with  
himself.

In devising and developing many  
"instant" things (such as instant  
coffee for example), it's a great pity man  
didn't stop short of producing means  
for instant war.

WHAT THE WELL-DRESSED NEGOTIATOR WILL WEAR

## Sounds You'll Always Hear Just Before Any Christmas

NEW YORK (AP) — Sounds  
that always precede Christmas:  
"You just get finished paying  
for one Christmas—and then  
the next one comes along."  
"Who invented Santa Claus  
anyway?"

"Dickie, I've already taken  
you to see the Santa Claus at  
Macy's. Why do you have to  
see the Santa Claus at Gim-  
bels, too? When you've seen one

Santa Claus, you've seen them

all."  
"I love this time of year.  
Everybody is so sentimental  
and gay."  
"I hate this season. Some-  
how, it always makes me feel  
blue."

"All right, all right—so you  
didn't like the Christmas tree  
I picked out last year. So this  
year you pick one out—and lug

it home all by yourself."

"Well, it comes only once a  
year—thank heavens!"  
"Yeah, I read her letter to  
Santa Claus. It don't make  
sense to me. She's got 10 dolls  
already. What does she want  
four more for?"

"I'd like to exchange this  
sweater I bought for my hus-  
band last Christmas. He's fi-  
nally decided he doesn't really  
like it."

"Look, Maude, for the last  
time I tell you—I don't want  
nothing for Christmas except  
some peace and quiet. Now can  
I please finish reading my  
newspaper?"

"Every time my wife hears  
the sound of Jingle Bells she  
seems to go crazy. She tries to  
buy out every store in town."  
"Bobby, you come out of that  
closet this very minute. No,  
Mommy isn't trying to hide  
those packages. She's just...  
just keeping them for a friend.  
They're no concern of yours."

By BURTON H. FERN, M.D.

Can I afford it? I'm wor-  
ried about Junior—not the nickel  
he swallowed!"

Mom didn't know that nickels  
and dimes pass through the in-  
testines without trouble. You  
can even recover them, if it's  
worth the effort!

Your child may prefer but-  
tons, jewelry or open safety  
pins. He may crave certain  
dishes—smashed and broken  
before swallowing. Glassware  
may tickle his palate.

X-rays once found an open  
penknife inside an amateur  
swallower. He hadn't quite  
learned the trick.

Chicken and fish bones often  
slip down. A friendly pat on the  
back of your favorite seam-  
stress with a mouth full of pins  
and...

### PIERCING PUNCTURE

You gag and choke, but this  
soon passes—unless a sharp  
point catches in the esophagus  
(gullet) lining. Here, any pier-  
cing puncture pours life-threat-  
ening infection out near the  
heart.

If doctors can't fish out the  
object, they simply push it

down into the stomach. Almost  
anything can pass through the  
stomach and down the inte-  
stine, including open pins and  
sharp spikes. The victim can't  
even tell when the object passes  
through.

When it won't, doctors oper-  
ate. Recently, surgeons waited  
for one last X-ray before cut-  
ting into the abdomen—and the  
operation was canceled. The  
safety pin was gone!

### SAFE GUIDANCE

Intestines can guide any  
sharp object safely along. Doc-  
tors no longer feed peanut but-  
ter and cotton sandwiches hop-  
ing fibers will wrap themselves  
around dangerous points. The  
sharp object usually passed  
through—but only an operation  
could remove those large  
clumps of cotton!

Don't worry if Junior swal-  
lows your engagement ring. It's  
all in the family! Anchor some  
cheesecloth under his toilet  
seat. Intestinal contents can be  
washed through, but not that  
diamond!

Time may not fly when Jun-  
ior swallows your wristwatch,  
but you can bet it will pass!

## OTTAWA REPORT

## Canadian Party Goers

By PATRICK NICHOLSON  
Canada, so long the land of  
Christmas trees, has become  
the land of Christmas parties  
—lavish, different and wide-  
spread.

To the children of the lands  
of the Old World, the eagerly-  
awaited Christmas lasts but  
one day. But in Canada it has  
become the prolonged highlight  
of the year, reflecting the Old  
Country customs of the many  
nations who have contributed  
emigrants to add to our popu-  
lation.

Canada's "Christmas-Month"  
is especially strongly marked  
here in our national capital,  
for we not only have the var-  
ious racial groups making up  
the Canadian population; but  
we also have three score for-  
eign diplomatic missions here  
which each celebrate Christ-  
mas in their own traditional  
manner and at their own tra-  
ditional time.

For many of the smaller  
groups here, the embassy of  
their Old Country is the focal  
point of their celebrations. The  
Ambassador invites not only  
his diplomatic staff to bring  
wives and children to his  
Christmas party; he invites  
many or all of the local im-  
migrants from his country to  
bring their families to the cele-  
bration too.

The Netherlands start off  
the Christmas festivities in Ot-  
tawa. On 6th December each  
year Saint Nicholas visits their  
homes, to bring gifts to all good  
children, and to threaten any  
naughty children with his big  
stick—but of course all chil-  
dren are good on that day.

Nicholas was Bishop of Myra  
in Asia Minor, 1,700 years ago.  
He won fame and gratitude  
through making anonymous  
surprise gifts to the poor and  
needy. Thus he began our tra-  
dition of gifts deposited myster-  
iously by an unseen donor—per-  
haps at night when children  
are asleep and it is safe to  
clamber down the chimney.

The first Dutch settlers in the  
New World brought with them  
their tradition of the kindly  
long-ago Bishop. But the name  
of "Santa Nikolaus" was mis-  
pronounced by the early Eng-  
lish settlers, and "Santa Klaus"  
became to the children of the  
New World what is still called  
"Father Christmas" in old  
England.

The next prominent celebra-  
tion is the feast of Saint Lucia.  
On 13th December, the Swedes  
celebrate, highlighted by a  
pretty girl dressed in white,  
wearing a crown with six light-  
ed candles, and chanting the  
old folksong named for the  
saint she represents.

A substantial part of the pop-  
ulation of Greater Ottawa is  
French-Canadian. They have it  
all ways. On Christmas Eve

they traditionally attend mid-  
night mass, which is followed  
by gay supper parties in the  
home. Christmas Day is the  
great day for their children,  
but their old tradition still bids  
them visit their friends and  
give gifts on New Year's Day.  
Ottawa's Chinatown cele-  
brates Christmas as a strict  
religious observance, on a date  
according to their own calen-  
dar which generally falls after  
our Christmas. There is no  
dancing, and "Tom and Gerry"  
have to remain corked in the  
bottle on that holy day.

Christmas Day is of course  
a universal holiday here; and  
so is New Year's Day when the  
Governor-General still main-  
tains the tradition of the old  
French colonial days by hold-  
ing a morning "Levee" at  
which he receives good wishes  
from all his officials, the com-  
missioned officers of his gar-  
rison, and private citizens and  
merchants.

## LETTER TO EDITOR

### WHY NOT!

The Editor,  
Daily Courier.

Dear Sir:

Surely the time has come  
for Tod Mountain, Silver Star  
and Apey to get together, along  
with our motels and restaurants  
to sell Coast and Alberta skiers  
on winter holidays in the South-  
ern Interior. For example, how  
about weekend package air ex-  
cursions for skiers. Return  
fare, overnight lodging, and  
lift ticket should be well un-  
der \$50 for Vancouverites.

In Yakima, Washington, mo-  
tels offer special skier's rates  
to bring weekend ski groups  
all the way from Seattle. Ya-  
kima is 50 miles beyond the  
ski area at White Pass but the  
overnight stay in Yakima  
is all part of the ski holiday.

Skiers love to move around.  
What better than a few days  
in each of our excellent areas,  
and all within a short plane  
flight or day's drive from the  
overcrowded, over-wet, or over-  
frigid ski areas near the big  
cities.

A regular winter vacation  
season would do wonders in bal-  
ancing our tourist industry.

Yours very truly,  
E. Dean

## BIBLE BRIEFS

We are powerless against this  
great multitude that is coming  
against us. We do not know  
what to do, but our eyes are  
upon thee.—II Chronicles 20:12.  
There are no easy answers to  
life's difficult questions, and  
some problems are too heavy  
for us to bear alone. Faith in  
God is often the only answer.

## PUBLIC NOTICE

PUBLIC NOTICE is hereby given that the vote of the Electors of School  
District No. 23 (Kelowna) in connection with "Referendum No. 5 to raise on  
behalf of School District No. 23 (Kelowna), the sum of Four Hundred Thirty-four  
Thousand Dollars (\$434,000) for School Purposes" will be taken on Friday, the  
15th day of December, 1961, between the hours of 8 o'clock a.m. and 8 o'clock  
p.m. local time, and that Frederick Macklin has been appointed Returning Officer  
to take the votes of the Electors, and such vote will be taken at the following  
places:

Westbank .....	George Pringle High School	South Kelowna .....	School
Ewing's Landing .....	School	Okanagan Mission .....	School
Oyama .....	School	Bear Creek and Lakeview ..	Lakeview School
Winfield .....	Elementary School	Guisachan, Five Bridges and immediate environs outside the City ..	Raymer Avenue School
Okanagan Centre .....	School	Kelowna City ..	Kelowna High School

7 cents.

CHRISTMAS PARTY

Standing in front of the Christmas tree are the happy children of the Kindergarten Sunday School Class of the

Christ Lutheran Church of Kelowna, who took place in the Church Hall on Wednesday

afternoon. Pretty individual gifts were distributed to each child, delicious refreshments were served, and entertain-

ment was provided by the children themselves and by a few of the mothers.

## Lakeview Heights To Vote On School Referendum Friday

Votes on the School District's Referendum on building expenditures, will be accepted at Lakeview Heights school on Friday, Dec. 15 from 8 a.m. to 8 p.m.

Janice and Kerry Hewlett returned home on Saturday, from Kelowna General Hospital, having had their tonsils out.

Mr. Nick Chmelyk requests that anyone having toys for the Kelowna Firemen to repair and distribute, should leave them at the Bridge Motel before Saturday, Dec. 16 and Mr. Chmelyk will take them to Kelowna.

A baby shower was held at the home of Mrs. Eric Brown on Tuesday morning for Mrs. George Sherstobloff. Gifts of clothes and baby blankets were presented to her by her friends in a decorated babies' crib. Mrs. Fred Dickson assisted the guest of honor with unwrapping the lovely gifts.

The hostess served a delicious lunch during this pleasant event.

Mrs. Harvey Gilbank gave a luncheon party for Barry last Saturday to celebrate his eighth birthday. Guests were Charles Davidson, Bobby and Billy McCartney, Gregory Stevenson and Brian Milligan.

The next meeting of the Recreation Commission will be held on Tuesday, Dec. 19, at 8 o'clock at the home of Mr. and Mrs. E. J. Guidi.

Friends of Mrs. H. Garrard will be sorry to hear that she is

## Mission Scouts Group Committee Holds Meeting

The Group Committee of the Okanagan Mission Boy Scout Association met on Tuesday evening, Dec. 12 to elect officers for the 1962 season. Duly elected were: Chairman, J. P. Ferguson; secretary-treasurer, W. E. Raikes. Committee chairmen are building, Stan Holly; transportation and camping, P. S. Mallam; badge, H. D'Arce; Denny; finance, H. R. Hobson; projects and bottle drive, Eric Tasker. A great deal of new business was discussed, and plans made for the coming year. The immediate project is the Christmas Tree sale which will take place this weekend. Orders will be taken from residents, the trees will be cut during the weekend, and delivered on Monday. It is to be hoped that all local residents will buy a tree to help finance the local group for the coming year.

## W'syde Squares Christmas Party

Glen Ashcroft was Master of Ceremonies for the Westsyde Squares party night last Saturday. The dance was a very gay one with the Westbank Community hall prettily decorated with a lighted Christmas tree and fir boughs.

During the evening Happy Birthday was sung to Mrs. Tom Lunt, long-time member of the club, by the 13 squares of dancers from Ponticou, Kelowna, Rutland, Winfield and Oyma.

The club president Bob Scriver welcomed the visitors, and following the dancing a buffet supper of ham, salads, ice cream and Christmas cookies was enjoyed by everyone.

The supper table was decorated with giant red candles and a bowl of bouncing snowballs as an effective centrepiece.

Decorations were arranged by Mr. and Mrs. Hugh McCartney, Mr. and Mrs. Tom Lunt, Mr. and Mrs. Fred Dickson and Ralph Foster. Mrs. McCartney and Mrs. Claude McClure's team were in charge of the delicious supper.

## Announcement Of Marriage

Mr. and Mrs. C. E. R. Baze announce the marriage of their eldest daughter Elizabeth Ann to Mr. Florentino Grison of Kelowna son of Mr. and Mrs. John Grison of Trieste, Italy. The marriage took place on December 9.

TRAGIC DAYS OVER

## Training Centre And Home For Destitute Boys Near Madras

In Southern India, only five miles outside Madras City, there is a specialized training centre and home for destitute boys. Most of them are the "adopted" sons of Canadian foster parents, through the Unitarian Service Committee Foster Parent Scheme. The Seva Samajam Saligram Boys' Home was created in a setting of natural beauty. Brilliant green rice paddies, surrounding fields and graceful coconut palm trees frame its spacious grounds. The Home which is owned by the Guild of Service, a veteran organization with branches throughout South India, is considered one of the Guild's proudest achievements and ranks high among the country's educational institutions. Declared open by the President of the Indian Republic five years ago, it now shelters and trains 57 boys from other USC sponsored Homes across India. Its large Vocational Training Centre and modern technical equipment were donated in the name of Canada, through the voluntary Unitarian Service Committee.

Many of the boys are orphans or remember so little of their early childhood, their parents are presumed dead. One of the boys, Subramaniam, was found ill and starving on a dark city street when he was five years old, and brought the Boys' Home at Adyar. At twelve he was transferred to Saligram to develop his handicraft interests of weaving and carpentry. Today at 17, the handsome, athletic lad has come a long way from the tragic days when he prowled dark alleys looking for vegetable peelings with a pack of starving, tattered waifs. The excellent training received at the Saligram Home is his assurance of a secure future.

More training centres are desperately needed in India to accommodate the growing numbers of teen-agers who are ready to learn a specialty. The USC hopes to meet its 1961 objective for \$250,000—which will be used for over 73 projects of training, relief and rehabilitation. Donations are income tax deductible and should be sent to USC Headquarters, 78 Sparks Street, Ottawa 4, Ont.

## Valley White Cane Club Annual Christmas Dinner

On Monday evening, Dec. 11, 100 people partook of the spirit of Christmas at the Valley White Cane Club dinner which was held in the Anglican Parish Hall.

Hosts for the occasion were the Lions Clubs of Kelowna, Vernon, and Penticton who also provided the transportation to and from the hall. The ladies of the Jubilee Circle of Saint Michael and All Angel's Church catered for the delicious turkey dinner which was served to the guests and their escorts, and the party was arranged and directed by the Ladies' Committee of the White Cane Club.

This was the 12th annual Christmas Party for the White

Cane Club who meet each month throughout the year and it was truly the gala occasion of their year. When the guests arrived at the hall they gathered into lively groups in which interested discussions took place about their bowling and cribbage tournaments which are now underway, and news was exchanged with the friends they so seldom have the opportunity to meet. The Vernon members of the club arrived by chartered bus as they do each year, and the smaller Penticton group drove over in several private cars. The dinner always takes place in Kelowna as it is the central point between the other two town and most convenient for everyone.

The long dinner tables were most attractively decorated with miniature Christmas trees trimmed with tinsel and little silver bells, and these were interspersed with pyramids of brightly colored fruit. At the head table were seated the president of the White Cane Club, Mr. Goldwin Weppler and Mrs. Weppler; Mrs. Graham Tupper, acting secretary in the absence of Mrs. Jack Gordon; Bishop A. H. Sovereign of Vernon and Mrs. Sovereign; Mr. Clarence Hembling of Penticton, field secretary of the CNIB; Mr. A. Mitchell, president of the Kelowna Lions Club and representatives from the Lion's Clubs of Vernon and Penticton.

After dinner the well loved Bishop Sovereign told some amusing stories, after which the guests were entertained by the Kelowna Men's Choir under the direction of Mr. T. Austin. The Choir, looking very smart in their white jackets and blue ties, sang a number of beautiful songs and Christmas carols which were greatly appreciated, ending with "The Lord's Prayer," and the evening was concluded with the presentation by the Lions of large Christmas boxes of chocolates to the members of the Club with extra boxes for the "shut ins" who were unable to attend.

In spite of the very cold and inclement weather on Monday evening all the expected guests turned out for the occasion and anyone listening to the happy

chatter during the evening, the laughter at the stories of their friend Bishop Sovereign and the enraptured, uplifted faces during the singing could be quite sure that the evening was indeed a success and a very happy interlude in the lives of our blind friends.

## An Engagement Of Interest Is Announced

Mr. and Mrs. Thomas McLaughlin of Peachland announce the engagement of their youngest daughter, Helen Christine to Clarence Patrick Riggs son of Mr. and Mrs. Clarence Riggs of Westbank.

The marriage will take place on January 6 in the Peachland Baptist Church at 4 p.m. with the Reverend Lyle Kennedy officiating.

DECORATIONS GO UP

Santa's reindeer are just a few of the many attractions and Christmas decorations now going up on Vernon's

busy Barnard Avenue. City works crew Bob Mackie, ladder, and Jack Glochoner, put the finishing touches to the

traditional scene at the intersection of 29th and Barnard. Most Christmas decorations,

including string of lights crisscrossing the main streets will be completed by Dec. 18.

## New Look Policy Shaping Up Well Chamber Told

VERNON (Staff) — Some 23 executive reports were heard today following the annual general luncheon meeting of the Chamber of Commerce in the National Hotel. Election of officers was scheduled to follow.

Secretary-manager, E. Evans outlined achievements and accomplishments of the chamber during the past year. Particular stress was centred on the Winter Carnival, held for the first time in 1961, Silver Star Ski Resort, which the chamber has supported since its inception, and Vernon Tourist Days, held during the summer.

Four projects, which were high on the chamber agenda, was completed in 1961. Change of name to Vernon Chamber of Commerce, from the old Chamber of Trade; enlarged chamber executive council; renovation of the chamber office; and introduction of chamber medical insurance plan.

In addition, through chamber initiative, new government

campsites near Otter Bay was realized; the second National Forest Products Week was held; and discussion for a shopping mall to alleviate parking problems was discussed.

The chamber was represented at all OVTA meetings, B.C. Chamber of Commerce and Okanagan and Mainline District Associated Boards of Trade meetings.

Mr. Evans said in his report that with additional executive council and committee members, it has been an active and fruitful year.

"The pattern set in its first 'new look' policy augurs well for the future," he said. "It is also understandable that the of Commerce, from the old Chamber of Trade; enlarged chamber executive council; renovation of the chamber office; and introduction of chamber medical insurance plan, has added considerable work in the office."

## Traders Change Bylaws On Presidency Contest

VERNON (Staff) — Chamber of Commerce members today approved a change in the bylaws to allow nomination of two candidates for the presidency. The change was proposed by S. J. Ladymann and presented by L. H. Mercer, chairman of the constitution and bylaws committee, and candidate as the 1962 president of the chamber.

Members learned that the Vernon Board of Trade had not been registered with the federal government, but necessary procedures were begun by solicitor Lawrence Blundell, and on Sept. 6, 1961, the board, now Chamber of Commerce was officially registered.

Other chamber reports, presented at the annual meeting at noon today, concerned the following:

### AGRICULTURE

Farmer organization in the area were solicited with a view of joining the Chamber of Commerce agriculture committee as a unit. They could appoint a representative to the executive; encourage their members to join all chambers; and encourage all members who are interested in joining the committee to contact chairman Norman Galloway. It was also suggested that representatives of the department of agriculture, and agriculture industries such as B.C. Hydro, machinery companies on the agriculture committee.

### INDUSTRIAL DEVELOPMENT

Chairman of the Industrial Sites and Development Committee, J. D. Doble, said appropriate sites were available in the city at a price for both small and medium sized industries.

But, he stressed, local and provincial governments should consider the joint development of a fully serviced industrial area for either lease or sale. Such a development, Mr. Doble said would help attract new industry and provide space for existing industries occupying valuable commercial property. The requisite for building up industry in Vernon should be considered as: availability of raw material; favorable freight rates; favorable power rates; abundance of water and labor resources and proximity of markets.

It was concluded that Vernon cannot look forward to the establishment of large industries as the results of the economic survey being conducted in the North Okanagan by the federal Agriculture Rehabilitation and Development Act and the proposed CNR industrial survey of the Okanagan may indicate the need for federal and provincial assistance in establishing industry here.

Therefore, Mr. Doble concluded, Vernon should concentrate on helping the small industries serving the logger and sawmill, farmer and orchardist and especially the tourists.

### YOUTHFUL LOOK

MONTREAL (CP) — Arching eyebrows make a woman's face look younger, says beauty expert Barbara Harmer who advises eyebrow pencil be used above the brow in short, feathery strokes. "The higher the brow, the younger the face," Mrs. Harmer also said the basic curve of the upper lip should repeat the curve of the eyebrows.

## 'Poor Facilities' Handicap Vernon Law Enforcement

VERNON (Staff) — President of the John Howard Society, Bulman said Vernon has the personnel capable and anxious to do more adequate job of the control and prevention of crime, but poor facilities are handicapping their efforts.

Frank Smith, who earlier charged this week that lack of adequate facilities in all branches of local law enforcement is hampering efficiency and helping to boost the city crime rate.

In a prepared statement, Mr. Bulman said Vernon has the personnel capable and anxious to do more adequate job of the control and prevention of crime, but poor facilities are handicapping their efforts.

Earlier, hope was expressed that proposed renovations would relieve the problem. These changes are complete," Mr. Bulman said. "But the society feels that some of the facilities are now worse than before."

Meetings were recently held with the RCMP, magistrate, government agent, and city council members, and hope is expressed by the society that in the near future "the same pride that Vernon shows in its natural endowment and civic achievements can be shown in its handling of its social problems."

## NEW BOOKS AT VERNON

VERNON — Books received this week for the library.

### NON-FICTION

Last resorts, Amory; Getting acquainted with minerals, English; Achieving society, McClelland; Karakoram, Mariani; From Dreadnought to Scapa Flow, Marden; Yesterday, Tomorrow, Marek; Santayana, biography; Brazil, Schurz; Handbook of TV troubles, Heller.

### FICTION

Place of shadows, Dooton; Chinese puzzle, Burton; Three novels, F. P. Keyes; Pamela, Richardson; Fantastic holiday, Ruck; Winter sun, Rutherford; False entry, Calisher; Truth about Claire Verran, Truss; When my girl comes home, Pritchett.

### JUVENILE

Elis, Adamson; Circus Magic, Banigan; Chippewa Indians, Blecker; Doorway in the dark; Longstreth; Magic Christmas tree, Kingman; We went to live in Scotland, Knowles; When the Mississippi was wild, Legrand; How the Grinch stole Christmas, Seuss; Seven science fiction novels, H. G. Wells.

The library will be closed from noon Dec. 23, until Dec. 27.

### AGE INCORRECT

The age of Mrs. John Engler, of Lumby, one of the three persons injured in Wednesday's car-train crash, is 47, not 17, as printed in Thursday's Daily Courier.

### AT THE MOVIES

David and Goliath; Biblical story, with Orson Welles, Eleanor Rossi Drago, and Ivo Payer, can be seen at 7 and 9 p.m. on Thursday, Friday and Saturday. (Matinee at 2 p.m.)

# Gas Blazes New Trail With Myriads Of Items

Research is conquering vast frontiers which stretch far beyond the world we know. The progress-minded gas industry provides a striking example of trail-blazing discoveries and concepts.

New and better ways to put the magic blue flame to work are being explored in a network of laboratories throughout the nation. Accelerated research activity is being pursued on many fronts: in the Canadian Gas Association's laboratories, at leading universities and technical institutes, and by manufacturers, utilities and pipeline companies.

This program is paying dividends to Mr. and Mrs. Canada in the form of exciting new appliances and revolutionary gas applications. Some of these are on the market, others on the drawing boards are promised for an early tomorrow.

An inkling of things to come is presented in a futuristic dream kitchen recently displayed by one major manufacturer. It includes:

• A gas power centre which air conditions the entire house,

purifies the air, provides refrigeration from cooling to freezing, and supplies all the electricity eliminating the need for wiring from outside.

• Portable gas burners and appliances such as coffeemakers, casseroles and frying pans to be plugged into gas outlets.

• A self-propelled dishwasher which moves about the kitchen and patio on gas generated energy.

MULTIMATIC WALL Another gas appliance under development "centre" features five major home uses of gas in a "multimatic wall" only eight feet high and ten feet long.

Perhaps the most startling example of continuing research is direct conversion of gas into electrical energy. Two methods have been used. One is a "thermoelectric" method in which electric current is generated by heating the terminal point of two dissimilar metals with a gas flame. A self-powered furnace-fan using such a unit for energy conversion has already been demonstrated.

The second method involves a device called a fuel cell, by which gas is chemically converted without heat. An experimental tractor using "fuel cell power," now in operation, is evidence of the practicality of this system. The same method of supplying power for the tractor is being used to propel an experimental automobile.

Major advantage of these devices would be a single utility service for the home. Thus, homes would be impervious to

## Designed To Guard Floors From Patter Of Little Feet

### TEMPORARY COVERING

QUESTION: We are shortly moving into our own home. We prefer wood floors in bedrooms, but have two growing children and wonder if there is any kind of floor covering, other than linoleum - type - rugs, that we could use in their bedroom to protect the wood floor and be easy to clean.

ANSWER: A new type of floor covering, rotovynil, is now available, which is usually not put down with an adhesive but just rolled out. It is a several-layered clear vinyl over a photographically reproduced design and is available in rolls up to 12 feet wide, in a wide variety of colors and patterns.

### VARNISHING WOODWORK

QUESTION: I have removed all the old varnish from the woodwork in the kitchen. I plan to use white spar varnish. Is there any treatment of the woodwork necessary before putting this on?

ANSWER: The wood surface should be sanded smooth, and all dust and grease, etc., removed. Then apply a good quality of the white spar varnish, following the manufacturer's instructions on the container carefully.

## IMMACULATA INSIGHTS

by Sherry Baker

On Monday morning, over a hundred iceicles stalked frozenly down the hall of Immaculata High. Now everyone must realize that winter is here, and such slighting comments as "White Christmas! Hah!" will have to be relegated to the lower regions of the earth. The spirit of Christmas invaded the grade 10 classroom and induced artists to sketch the Nativity scene along the wall-length bulletin board.

Everyone that enters the room is greeted with the pungent odour of pine and cedar, and I don't think there's an inch that doesn't joyously shout "Noel!" to each onlooker. Now greater bustling activity is heard from other classes as a prize is being offered for the most decorative room. The staff are to be the judges.

Thursday night East finally met West as Parents and Teachers converged to discuss the students and their problems. Reports were given out Wednesday. Is there anything else to say? Mixed feelings resulted from the dreary ordeal, but don't they always?

Turning to more cheerful faces at it and continue gaily things... Monday witnessed, on, ice cubes, anyone.

## KNOX TALKS

By KATE DAVIES

"We're from Knox High, and we know it!" These words, from our cheerleaders, serve two purposes. First, they bring cheer and shouts from the spectators in the peanut-gallery. Second, and most important, they build up the ego of our three beaten, never-victorious basketball team. All is not lost yet, however, as we saw at our last game on Friday the eighth. Rutland, visitors to Knox, won 22-16. This is our closest score yet, and for a while we were actually winning! But the age and experience of our opponents showed, and they came out on top. Given time, though, to get used to inter-high basketball and we'll show 'em!

## VOTING APATHY

AUCKLAND, N.Z. (CP)—Cost of preparing the electors' roll and running polling booths, etc., for elections to the Auckland power board and transport board was about \$18,000. Only 6,000 of 200,000 eligible voters cast ballots.

## SPECIAL SERVICE

OSAKA, Japan (AP)—A new gasoline station here offers customers tea and hot baths while their cars are being serviced. The idea is to relax drivers and make them less prone to accidents.

## ART WORKS LOST

BUDAPEST (AP)—A Communist Hungarian commission reports many thousands of valuable art objects have been lost since 1945. This is our state museums through negligence. One valuable vase while we were actually winning! But the age and experience of our opponents showed, and they came out on top. Given time, though, to get used to inter-high basketball and we'll show 'em!

## Peace River Dam May Hit Salmon And Sport Fishing

VANCOUVER (CP)—An office lake,

is the University of British Columbia Institute of Fisheries. The Fraser river system by low, says damming the Peace river may affect salmon and sport fishing in the Fraser river system through introduction of Pike.

They could quickly ruin sport fishing in many B.C. lakes and streams and convey the tape-worm parasite to salmon.

Whitefish, Dr. Lindsey said, have already been affected in this manner. Pike had also infected Alaska salmon.

Dr. Lindsey said northern pike thrive in the Mackenzie and Yukon river systems, reaching more than three feet in length.

One way to keep them out of the Fraser would be to release the pike in the Peace for a few miles downstream during construction of the dam at the big canyon.

## BUILT TO LAST

ROME (AP)—They don't build a bridge in Italy as they used to do. The rain-swollen Tiber River which pike would thrive and be knocked out a modern bridge, able to reach the headwaters while a bridge 20 centuries old of the Parsip river at Summit withstood the torrent.

## HIGH SCHOOL'S SENIOR 'A' BOYS

Part of the Kelowna Senior High School Senior 'A' boys' basketball club travelling to Kamloops this weekend for an invitation tournament is shown receiving a briefing from their coach. Physical education instructor Pete Bulatovich calls the team "the best" he's ever had.

## SENIOR HI-LITES

By Carol-Anne Heatley and Robbie Russell

The gloom has descended upon our hallowed halls of learning as the students prepare for the Christmas exams. The usual cheery smiles have been replaced by tired looking expressions. After the last exam next Friday however, the Senior Matrics are holding their "Snowman's Ball". The dance is from 9 till 1 p.m. The most wonderful display of school spirit was shown last Friday in Oliver. Two busloads of enthusiastic students cheered the local basketball teams while both teams played hard. The Y-Teens are busy with their Christmas hamper project. These are to be congratulated for the fabulous job they did on the trophies which they so laboriously cleaned. The future nurses had a very interesting and informative specialist speak to them at their meeting on Monday. That's all for this week kids, scores this week but the bowl-

## JUNIOR HI-LITES

By Silke Andreson and Sylvia Fazzan

Last Friday the Rutland Junior Boys Basketball team invaded K.J.H.S. but were repelled by the K.J.H.S. rep team by a score of 34-14. A large gallery watched the game. We are pleased to see the student body lending their support to the teams. The Boy's Rep team is due to travel to Dr. Knox for a return game with the Junior Boys of Dr. Knox. Students have had the opportunity of buying up old books at rock-bottom prices. The Library Club have been working hard to sort out the books and are gratified by the results of the sale.

News from Checkmate informs us of two meetings of the K.J.H.S. Chess Club. Mr. Pashnik is sponsor this year. Some great battles are anticipated as the experts get into action. Band, Orchestra and Choirs are practising faithfully for the big concert to be held in our school December 20. Mrs. DeLong and Mr. Knodel are holding practices before school, at noon hour and after school and pupils are co-operating fully.

## TEEN TOWN TOPICS

By Ruth Gillespie

There is not much news to report on this week except that all Teen Town members are expected to turn out for our Tag Day this Saturday. You have probably already been phoned about this and we need all your support for the March of Dimes. Our dance last Saturday was very poor and there will be another dance this Saturday in the Aquatic Lounge from 9:00 till 12:00 with good tapes and if there is not a good turn out at this dance further dances will be cancelled.

We would like all Teen Town members to support their captains and radio announcers for the March of Dimes. Tickets will be on sale for the Snowflake Fantasy on the 28, from any council member. Remember this is the big dance of the year. The price is \$1.00 single and \$1.50 a couple, and the Silouettes will be playing. Bye for now!

## IT WAS BADGE OF FREELoader

LOS ANGELES (AP)—Joseph M. Marine showed a police badge to a Los Angeles cafe owner Saturday so he could sign a meal check and pay later. The badge number—4451. The owner checked with police, who said the badge was a phoney. Detectives found Marine Tuesday and booked him on suspicion of robbery. The booking officer, Calvin Davidson, wearing Badge 4451.

POSTAL FILE-UP  
TOKYO (AP)—The Japanese postal ministry reported 1,440,000 letters and 8,000 parcels piled up as a result of postal workers' refusal to work overtime until the government grant year-end bonuses and pay increases. Postmen, averaging \$58.31 monthly, are asking an increase of \$13.88.

NOT SKIRTS  
DUNOON, Scotland (AP)—A U.S. Navy official here said American sailors in Scotland are being officially advised never to call the kilt a "skirt." He said one did, and was forcibly corrected by the kilt-wearer—"a chap about two feet taller than the sailor."

## ON THE SCENE

with  
**ERIC GREEN**

High School physical education teacher Pete Bulatovich, five years sport mentor in the high school, travels to Kamloops for the first two season tournaments for his Senior "A" Boys club.

Bulatovich calls the club the best he's had since he took over their coaching.

This column mentioned yesterday that midwestern United States is on a high school basketball "craze." Nothing is too good for a potential eager in these hamlets.

This is about as good as anything as an "opener" for some reflections about the fate of basketball in general.

Locally, the Royalties have fallen on dark days, but a nucleus of veterans is keeping the club in competition. Hardly, it seems, had the season started when there are only two more games left before playoffs.

### ROYALTIES PLAY SATURDAY

One game is tomorrow night against the Fairchild (Spokane, Washington) Air Force Base club. The other is a league game that is still pending.

Meikle Teddy Bears, who recently went "A" and were swamped in competition with a hardy Richmond club in a coast game, picked up this season. Addition of ace Diane Betach gave Bob Hall the cards he needs to deal some stacked hands, along with his regulars.

According to comment, he is not too unhappy about the club's second loss in something like 95 games, because he intends to spring a few surprises on his competitors come playoff time.

His reasoning is that the tough coast clubs will be complacent, having beat his interior aggregation a number of times, and his strategy will give him a few hole-cards to pull playoff bluff with. He expects another crown.

### HIGH SCHOOL BASKETBALL ENTERTAINS

In discussion with Pete Bulatovich in his instructor's inner sanctum at Kelowna High yesterday, I learned that his high school games are well organized affairs.

Droves of high school students add the noise and fanfare and trumpets come from regular band attendance. Half-time entertainment is usually provided.

There are two classes of high school talent, Senior "A" and "B". Up-and-coming youngsters are relegated to the B ranks, and usually are a bank or reserve for the A group.

They gain experience playing B club from other district high schools, Kelowna High, being one of the larger schools, produces two and the A club plays other bigger valley schools.

The B group plays other small district high schools.

### TWO TOURNAMENTS A YEAR

Two tournaments are held for the Senior A club each year.

The boys leave Kelowna this afternoon, and play their first game tonight.

With exams pending in a few days, school authorities have seen to it there will be no interference with studying. Coach Bulatovich will have a "study" period early Saturday morning.

Pete also mentioned that coaching two clubs is a little bit of a bind. If there is anyone who would like to coach a B club, I am sure he would be more than grateful for the help.

On the roster of the travelling are: Gerry Robertson, Bob Swanson, playing as centres; Ed Slater, Stu Walker and Ron Graf as forwards; guards, Ken and Doug Perry, Wayne Leface and Hans Garsch.

### ROCKETS VISITING

Kamloops Rockets will trek southward to play Kelowna Buckaroos in Memorial Arena here Saturday night.

## Male Athlete Of 1961 Title Given To Maris

NEW YORK (AP) — Roger Maris of New York Yankees, who won the National League's Most Valuable Player Award in 1961, was named Male Athlete of 1961.

Maris, 30, of the Yankees, won the award for his outstanding performance in 1961, when he hit 61 home runs and drove in 125 runs.

The award was presented to Maris by the Associated Press, which has named the Male Athlete of the year since 1957.

Maris, who hit 61 home runs and drove in 125 runs, was named the Most Valuable Player of the National League in 1961.

He was also named the American League's Most Valuable Player in 1961.

CHADWICK MISSES FIVE, SAWCHUK NONE

## Detroit Routs Boston 5-0

Terry Sawchuk is nibbling times. Four of their goals came away at one of the National during a 12-minute span during Hockey League's oldest records.

Sawchuk got his 87th shutout in 12 seasons Thursday night as he led Detroit Red Wings to a 5-0 rout of Boston Bruins in the league's only scheduled game at Detroit.

That leaves him only seven shutouts behind the all-time mark set by George Hainsworth in 10½ seasons with Montreal Canadiens and Toronto Maple Leafs during the 1920s and 30s.

Sawchuk, who'll be 32 later this month, performed brilliantly Thursday night although he hardly was threatened by the cellar-dwelling Bruins. He only had to make 21 saves.

It was his fourth shutout this season, two more than recorded by any other NHL goalie, even though he has been rested for five of the Wings' 28 games.

While Sawchuk was having a relatively easy night, the Wings, now unbeaten in five games, gave substitute Boston goalie Ed Chadwick a rough time.

They tested Chadwick, substituting for rookie Don Head, 36

ing the second period. ULLMAN GETS TWO

Norm Ullman scored two of Detroit's goals, his 10th and 11th of the season. Gordie Howe, Eddie Litzenberger and rookie Bruce MacGregor got the others.

As it turned out, Howe's goal at 12:06 of the first period was netminder. Montreal's Jacques Plante is closest to him with Howe's goal was the 13th of 51. Glenn Hall of Chicago has the all-time mark of 514 of the Rangers has 21 and set by Maurice (Rocket) Ri-Johnny Bower of Toronto 16, chard of the Canadiens.

The win stretched the Wings' fourth-place edge over the Bruins. Saturday, the Stanley Cup champion Chicago is at Montreal and New Black Hawks to three points. York is at Toronto. Sunday Detroit has won four times—night Canadiens will be at De twice against the Hawks—and Detroit goes to Boston tied once in its last five starts, and New York plays at Chi.

The Bruins have only one win ago.

TERRY SAWCHUK  
... 87th shutout

## Tribute Paid To Coach "Pinky" Lewis

HAMILTON (CP) — About 1,000 persons paid tribute Thursday night to Norman "Pinky" Lewis, a friend of sport in this city for 50 years.

Lewis, 63, trainer of Hamilton Tiger-Cats of the Eastern Football Conference and the first Negro to coach a major hockey team, stood with tears running down his face when the crowd gave him a five-minute standing ovation.

Telegrams of congratulation from various parts of North America were read and a gift of about \$1,000, contributed by hundreds of donors, was presented to Lewis and his wife.

Among numerous other presentations was a gift from Eastern Football Conference officials.

Mayor Lloyd Jackson brought cheers from the crowd when he compared the occasion with the time four years ago when the late Rev. John Holland, a Negro minister, was named citizen of the year in Hamilton. He told Lewis: "You have the same qualifications."

Lewis started his sport career as a mascot for Hamilton Alerts, winners of the 1912 version of the Canadian football championship.

He drifted into the physical training end of sport under the tutelage of William (Doc) Heddie of the old Hamilton Tigers and later turned to coaching.

In the early 1920s he coached Saskatoon Sheiks of the Western Canada Hockey League, in Mahovitch, Toronto those days on a par with the Ingarfield, New York 13 14 27.

## COMMISSIONER TAKES ISSUE WITH PLAYER-SIGNING TALE

LOS ANGELES (AP)—Commissioner Pete Rozelle of the National Football League said Thursday night club owners from the rival American League are distorting the truth in saying the NFL has already signed 10 United States college players still eligible for post-season bowl games.

He took issue with Bud Adams, owner of the AFL Houston Oilers who said he has been informed that at least 10 bowl-eligible players have been signed by the NFL.

## Howe Takes Third Rung

Detroit's famous Gordie Howe scored his 13th goal of the season Thursday night and pulled into a tie for third place in the National Hockey League individual scoring race. He has 29 points, the same as Montreal's Bernie (Boom Boom) Geoffrion.

## Robinson Named NL Slugger With 333 Bases, .611 Mark

CINCINNATI (AP) — Frank Robinson, hard-hitting outfielder of the pennant-winning Cincinnati Reds, won the National League slugging title for the second straight year, the official statistics revealed today.

Robinson, voted the circuit's most valuable player last month, collected 333 total bases in 545 times at bat for a .611 slugging mark. Orlando Cepeda of the San Francisco Giants was the runner-up with a .609 average.

Hank Aaron of Milwaukee Braves had the most total bases for the third consecutive season 358, but finished third in the slugging competition with .594.

He was followed by Willie Mays, San Francisco .584, Dick Stuart, Pittsburgh .581, George Altman, Chicago .560 and Roberto Clemente of Pittsburgh, the batting champion, .559.

Robinson also received the most intentional walks, 23.

Stuart, the Pirates' first baseman, had the most strikeouts, 121, while Milwaukee's Eddie Mathews drew the most bases on balls, 93. Joe Cunningham, recently traded from St. Louis Cards to Chicago White Sox, was hit by the most pitches, 11.

Frank Bolling of Milwaukee and Ron Santo of Chicago grounded into the most double plays, 25 each.

The distinction of grounding into the fewest double plays among the regulars was shared by Altman, Ed Kasko of Cincinnati, Dick Stuart, Pittsburgh .581, George Altman, Chicago .560 and Roberto Clemente of Pittsburgh, the batting champion, .559.

## Czech Papers Lambaste Canada's Rep Bearcats

PRAGUE (Reuters) — Czech Ceskoslovensky sport said newspapers made some blunt comments Thursday about the Port Arthur Bearcats, who lost 2-1 to Czechoslovakia in Bratislava Wednesday night.

The Communist party newspaper Rude Bravo said "the game was not up to expectations." "Of course, the kind of hockey we are accustomed to seeing—perfect passing and shooting—was lacking in the Canadians."

"The referees frequently overlooked the rough play of the Canadian hockey players who allowed themselves the kind of transgressions they used to accuse the Europeans of committing."

## Smokies Down Leafs 8-3

TRAIL (CP)—World-champion Trail Smoke Eaters Thursday night downed Nelson Maple Leafs 8-3 in a back-to-back Western International Hockey League tilt. Only 945 fans turned out. Trail took a 5-0 lead in the first period, upped it to 6-0 in the second and added two final-period goals to the Leafs' three. Addie Tambellini, Dave Russell and Gerry Penner led the Trail onslaught with a brace apiece. In the final frame with a single Laurie Barrow and Penner with his third goal of the night, tied the game up. Leafs goal-getters were Roy Tormin, Don MacKenzie and Iwan Hornby.

## Browns Want To Sign Davis

CLEVELAND (AP)—Cleveland Browns of the National Football League want all-American Ernie Davis to join them. They will spare no expense or effort to sign him.

They acquired the rights to negotiate with the great Syracuse University halfback in a daring trade Thursday with Washington Redskins. The Browns gave halfback Bobby Mitchell, who formed half of one of the most explosive running combinations in United States professional football, to the Redskins, plus the rights to Leroy Jackson, Jackson, a speedy halfback from Western Illinois University, was picked by the Browns on the first round of the NFL draft.

Davis, winner of the Heisman Trophy as the outstanding U.S. college player this year, has been drafted by Buffalo Bills of the rival American League, but Art Modell, chairman of the board of the Cleveland club, is "confident that Ernie will sign with us." Modell said the Browns will spare no expense or effort to get him.

# Uncle Sam's After Johansson's Money

MIAMI, Fla. (AP)—The United States government plans to collect \$1,000,000 of Uncle Sam's money, but there's some question as to where the money is coming from.

A federal judge ruling that Ingo owes the money to the internal revenue department as income tax, ordered two organizations Thursday to pay over monies they hold for the Swedish fighter.

Feature Sports Incorporated, which handled promotion for Johansson's title fights with world heavyweight champion

## Kelowna Juveniles Defeat Vernon With 6-4 Decision

VERNON (Staff)—In an exhibition juvenile hockey match last night at Vernon civic arena, visiting Kelowna came through with a 6-4 victory over host Vernon Juveniles. Only 21 fans were on hand to see the game.

The game, a return match for the two teams saw both sides play better than above average hockey for the first two periods. The third was somewhat different when ten two-minute minor penalties and two ten-minute misconducts were handed out by the referees.

Kelowna opened the scoring at 8:15 of the first when Marcello Verna drove a hard shot from inside the blue line to beat Dennis Taylor in the Vernon net.

At 6:09 of the second it was Kelowna again when Roy Ueda picked up a pass from Verna. Kelowna made it 3-0 at 14:30 of the second when the twosome of Verna and Ueda did it again with Verna taking the honors on the goal.

Vernon's speedy Jim Stevens found the mark at 14:54 of the second when linemate Gene Ouichi set up the play.

Kelowna's Terry Kasabuchi beat Taylor on a pass from Verna at 16:21.

Vernon ended the scoring in the second when at the 17:51 mark Gordie Kinneshanko beat Kelowna net man Gerry Morilla on the short side. Litzberger picked up the assist.

With Kelowna leading 4-2 going into the third, tempers started to flare. At 2:21 Terry Kasabuchi was sent off with ten minutes for swearing at the referee. Forty-eight penalty minutes in all was served by both clubs. Kelowna picking up 30 minutes to Vernon's ten in the penalty box during the third stanza alone.

Final score was 6-4 in favor of the Kelowna crew with each team scoring twice in the final stanza.

## INGO SAYS "NIX" ON U.S. MATCHES

STOCKHOLM (AP)—Former world heavyweight champion Ingemar Johansson said today he may never again box in the United States.

Commenting on a U.S. federal court judgment Thursday that he owes the United States \$1,000,000 in income tax, Johansson said he first of all will talk to his lawyers before he makes any further statement.

"I might have a chance to appeal against the ruling, but should this not be the case I will never more box in the United States."

HOW TO BOWL FIVE-PINS

# Curve Ball Effective But Isn't Dependable

By BERT GARSIDE and JIM HOULT  
Chief Bowling Instructors  
Double Diamond Advisory Council

A "curve" ball is both the most effective and least dependable type of ball you can roll in bowling.

"Among bowlers, 'curves' only curve to the left. Any ball that veers to the right is known as a Back-up ball.

A "curve" ball begins curving almost the moment it leaves your hand, and it keeps veering in a smooth arc all the way down the lane.

You roll a curve by rotating the palm of your hand inward, from the bottom to the top of the ball during your forward swing.

It is a most effective ball because it is spinning hard all the way down the lane, and gives lots of action when it hits the pins, mixing them up thoroughly.

The trouble is, it's only that effective when it hits the target. And, with all that spin, it's very difficult to put in only the target consistently.

Because a curve is so hard to control, very few good bowlers use it. Even a slight difference in your speed of delivery can cause a large change in the size of the curve and the path of the ball.

If you are throwing a wide curve, you are pretty well confined to aiming for the pocket on the right of the headpin. If your wide curve hits the left of the headpin, the ball will likely ricochet into the gutter, leaving pins standing.

With a curve, you must line yourself on your target from way over to the left side of the lane. For this reason, you should use the forward darts for aiming, rather than aim by shutting down. Even if your hand does turn somewhat, it is turning on the left of the lane, you out your arm motion will cut the don't have any place to shift curve in half.

When aiming, stand either one or two dots to the left of centre, depending on the size of your curve. For the headpin, roll over the centre dart; for the right 3-pin roll between the centre dart and the first dart to the right; for the right corner pin, roll over the first dart on the right of centre.

For left side pins, roll between or over the dart on the left.

To remedy a curve that is too heavy for you to control, try gripping the ball with your thumb held as high as possible toward the centre of the ball. This will help prevent your hand from "flicking" over during delivery.

A curve is also partly caused by bringing your arm across your body during your swing. Throw the ball with your arm reaching straight out down the lane. Even if your hand does turn somewhat, it is turning on the left of the lane, you out your arm motion will cut the don't have any place to shift curve in half.

## Serve a brand of known fine quality

Whether it's Rye, Scotch, Rum or Gin, serve a brand of known fine quality.

## Social Note

SHIPPING DIVISION

GEORGETOWN, BRITISH COLUMBIA. The S.S. Prospector sailed from the mouth of the Demerara River for England today with a cargo of Mr. Lemon Hart's distinguished rums. These youthful rums will reside there for some time, quietly absorbing the moist airs of the Isles—traditionally the most beneficial in the world for rums of distinction. When fully matured, these light hearted rums, full of delightful flavour, will be carefully blended, bottled and sent on their way to Canada and other parts of the world. You will find them happily awaiting Canadians at home and abroad.

## LEMON HART RUMS

Have a good rum for your money!

DEMERARA  
Light in flavour  
... dark in colour
